Continuous Improvement Model For High Priority High School, Alternative School, and Middle School Teams

Congratulations on choosing to register for the **Michigan Leadership Improvement Framework Enhancement Program – Continuous Improvement Model**. MI-LIFE is a professional learning program for Michigan Educational teams from Michigan high schools, middle schools, and alternative schools that was developed as a result of a grant from The Wallace Foundation to the Michigan Department of Education.

This program requires participation of a 3-person building team which must include the building principal. Additional team members can be selected from teaching or administrative staff. The purpose of MI-LIFE CIM will be to develop the leadership skills of the school's team to assist them as they learn to utilize their resources, gain clear understanding of their school's data, and target areas of improvement. For more information on MI-LIFE-CIM, please go to www.mi-life.org/cim.htm.

If you have any questions, please notify Jan Kesel at jkesel@mi-life.org or 517.694.7158. Thank you and we look forward to your participation in the exciting **MI-LIFE–Continuous Improvement Model**.
